

Lead a Life of Love

By Jamie Owens Collins

Intro

Clap.

Verse:

Hey, God loves you.

Point forward with both index fingers; with bent elbows, put right arm out flat and then left arm.

And He loves those around you, too.

Point with right index finger, then point with left index finger; repeat.

So, what should you do?

Shrug, hold hands up in a questioning gesture and turn side to side.

Lead a life of love.

With elbows bent, flop right hand forward, then flop left hand forward; cross arms over chest.

Hey, God loves me,

Point forward with both index fingers; point to chest with thumbs.

And my friends and my family.

With thumbs and index fingers extended, circle arms around and bring to center.

So, eternally

With elbows bent, flop hands forward; lift hands up, and sway from side to side.

I'll lead a life of love.

With elbows bent, flop right hand forward, then flop left hand forward; cross arms over chest.

Chorus:

Lead a life of love.

With elbows bent, flop right hand forward, then flop left hand forward; cross arms over chest.

Lead a life of love.

With elbows bent, flop right hand forward, then flop left hand forward; cross arms over chest.

Lead a life of love,

With elbows bent, flop right hand forward, then flop left hand forward; cross arms over chest.

Just as Christ did.

Point up with right index finger; point up with left index finger. Touch right palm with left middle finger; then touch left palm with right middle finger.

Repeat Chorus.

Interlude

Clap.

Repeat Verse.

Repeat Chorus twice.

Bridge:

He loved us.

Put fists together in front, then fists out to side.

He loved us.

Put fists together in front, then fists out to side.

He gave Himself up for us.

Raise hands overhead, push to the right, push center and push to the left.

He loved us.

Put fists together in front, then fists out to side.

He loved us.

Put fists together in front, then fists out to side.

He gave Himself up for us.

Raise hands overhead, push to the right, push center and push to the left.

So . . .

Repeat Chorus twice.
